PUBLIC HEARINGS:

A. **7:15 P.M. HEARING - ORDINANCE NO. 604 AMENDING DANGEROUS DOG ORDINANCE**

Mayor Wilson opened the public hearing. City Attorney Ostlund reviewed the proposed ordinance to allow the City to handle dangerous dog dispositions in a more practical manner. The amendment allows the animal control officer to elect to pursue the dangerous dog designation under the state statute, rather than city ordinance. Under the state statute, the city can then appoint a neutral party to act as the judge. Public input concerned the cause of the dogs reaction to be considered. What and who incited the dog and was there previous history of person filing complaint regarding the dog. City Attorney Ostlund stated that this is the essence of why there is a hearing conducted.

Motion to close the public hearing entered by Member Alexander and seconded by Member Neid. Motion carried in 5-0 vote.

Proposed financing to complete the estimated $132,000 project also includes a City general fund contribution on $50,000 leaving the additional private donations needing to be solicited at approximately $30,810.
Discussion led to Member Alexander motioning to approve the project and authorize the funding efforts with the city contributing $50,000 and contingent upon the fundraising to contribute the balance of the funds needed. Councilor Schrupp seconded the motion. Motion carried on a 5-0 vote.

It was recommended to award the project to the low bidder, Pipe Services in the amount of $6,865.30. The 2019 budget reflects the approval in the amount of $10,000 for this service.

E. REVIEW LETTER FROM GREG WEDIN REGARDING PROPERTY AT 1015 12TH STREET EAST
City Attorney Mark Ostlund reviewed the letter from Greg Wedin regarding access to his property in the Central Storm Sewer Project area. He is requesting of the City to have his driveway competed in full when the concrete work on 12th Street is done this spring at no cost to him. He is requesting this due to the significant inconvenience he has experienced in accessing his property due to the construction project in the area.
The City Attorney drafted a letter in response to the request stating the City cannot provide the compensation requested. There is nothing to suggest that the impact of the project on his property has risen to the level of a government taking. Thus no just compensation is owed as a matter of law. As a practical matter, the City simply does not have the resources to voluntarily compensate citizens who are temporarily impacted by infrastructure improvements.
Councilor Alexander motioned to authorize the City Attorney to send the response letter provided to the council. Councilor Schrupp seconded. Motion carried in a 5-0 vote.
