

NEWS RELEASE

Rehabilitation Projects on County Roads 2, 3, and 15 begin May 24

May 21, 2021

8.2 miles of rehabilitation projects are scheduled to begin Monday, May 24, 2021. The roads involved include County Road 2 from the Sibley County Line to 10th St in Glencoe, County Road 3 (110th Street) from Highway 15 to CR 75 (Nature Avenue) and County Road 15 (Falcon Avenue) from 16th St in Glencoe to CR 3. Shafer Contracting of Shafer, MN, was awarded the projects.

The rehabilitation projects involve milling off a portion of the blacktop road and paving a concrete overlay over the milled surface along with 4' of the shoulders.

The road will be closed to thru traffic; there will be no posted detours in place. Local traffic having business along the road will be permitted but will encounter delays and inconveniences, especially during concrete paving.

The project is expected to be completed around the end of July 2021.

The total project cost is \$5.7 million and is funded with State Aid funds and Local Option Sales Tax proceeds.

Any questions regarding the project should be directed to Dan Swanson, Assistant County Engineer, at (320) 484-4362 or email at Daniel.swanson@co.mcleod.mn.us.

Attached is a one-page handout with a map and more information.
