May 1, 2026 | Project Update No. 29

This letter is being sent to inform you of construction activity on the above-referenced project.

IF YOU ARE A LANDLORD, PLEASE SHARE THIS NEWSLETTER WITH YOUR RENTERS/TENANTS.

Upcoming work includes the following:

Construction activity will begin the week of May 4th. You will see road work ahead signs and other traffic control signs installed, but the streets will remain open to traffic. Please watch for construction workers out on the project and slow down in the areas where there are workers. The contractor will be completing some concrete curb and sidewalk work; they will also be touching up the boulevard areas with additional topsoil and seed.

We are anticipating that the final 1.5 inches of bituminous paving, along with the mill and overlay on County Road 83 from 20th Street north to County Road 3, will be completed in late May or early June. More information to come on the paving schedules.

If you have questions, or if there are any outstanding issues or concerns that have not been addressed, please contact me at your earliest convenience so I can relay the information to the contractor.

Doug Maeder, Resident Project Representative
